FABRIC RANGE

UPHOLSTERY COLLECTION.

UPHOLSTERY.

OUR FABRICS RANGE

ICF's Upholstery Collection, where luxury meets versatility in our range of fabrics sourced from a variety of esteemed companies. Elevating the essence of customisation, we offer a plethora of materials, ensuring a tailored look for every chair in our collection. From task seating to executive and meeting chairs to visitor and training, stools to soft seating, and armchairs, our selection promises diversity to suit any environment.

With the freedom to choose your desired fabric or select from our curated list, each piece becomes an expression of individual style and functionality. Our commitment to offering a wide array of fabrics from different companies ensures that you have access to the latest trends and the highest-quality materials. Whether you prefer the classic elegance of traditional fabrics or the contemporary flair of modern textiles, our collection caters to all preferences.

Discover the perfect blend of comfort, aesthetics, and personalisation with ICF's Upholstery Collection. Whether you're furnishing a corporate office, a collaborative workspace, or a cozy lounge area, our customisable chairs embody sophistication and functionality, making them the ideal choice for any setting.

CARE AND MAINTENANCE.

GENERAL CARE - AVOID THE FOLLOWING CONDITIONS

- Prolonged exposure to direct sunlight
- Any heat source (ie. radiator or heater)
- Sharp objects (buckles, jewellery, keys, pet claws etc)
- Common cleaning materials, paints, solvents, nail varnish, dyes and felt pens

GENERAL CARE - INSTRUCTIONS

- Rotate cushions regularly
- Vacuum furniture regularly with the appropriate attachment
- Do not scrub with a stiff brush
- Allow thorough drying before re-use
- Remove any excess spills from the furniture surface

GENERAL CARE - SPOT CLEANING

Treat spills and stains as soon as possible. Test on hidden areas to ensure fabric and colour are not removed. Gently scrape any soil or mop any liquid from the surface of the fabric. Use of soap or detergent with water should be approached with caution since overzealous rinsing to remove soap residue may result in over-wetting, water marking and possible wetting of the substructure (this may create other stains or damage products)

1. For non-oil-based stains Use warm water and non-toilet soaps which do not contain optical brighteners (consider Velvet soap, Lux Flakes, Softly). Mix a small amount of soap and warm water solution and apply to the stain, rubbing gently. Blot dry with a clean towel. Apply cool water (preferably filtered or distilled water) and blot dry again. Then with a hair dryer, working out from the centre of the stain, dry quickly to prevent rings forming. It is generally preferable to clean whole panels of fabric in this way rather than trying to spot clean specific areas.
2. For oil-based stains following the same basic guidelines as above, apply a proprietary brand solvent-based cleaner and try to clean generally in panels rather than spot-cleaning specific areas. A helpful industry 'secret' for spot removal of oil-based biro marks is the application of conventional hair spray

PROFESSIONAL FABRIC SERVICING

Fabric protectors do not eliminate the need for vacuuming, routine cleaning or proper care. They will, however, make spot cleaning and vacuuming quicker, easier and more efficient between professional cleans and keep your fabric looking cleaner longer, as well as extending its life. Professionals applying fabric protectors must always pre-test to qualify for fabric suitability.

STAIN REMOVAL.

WATER SPOTS

Blot thoroughly and then dampen the entire spot with clear white vinegar. Wait a few minutes. When the area is dry, moisten it again with clear water, blotting with a dry cloth after every application of the damp cloth. If the fabric has a pile, brush in the direction of the pile when dry

INK

Moisten with warm glycerine. Leave for 10 minutes. Apply liquid detergent and brush lightly. Flush out with water and dry quickly

CHEWING GUM

Rub an ice cube over the gum to harden it, then scrape off the excess with a dull knife. To remove what's left, use dry cleaning fluid

COSMETICS, SOFT DRINKS, COFFEE AND TEA

Sponge with warm water. Apply warm glycerine. Leave for 30 minutes. Flush out with water and dry quickly

GREASE AND OIL

Scrape away excess and dab repeatedly with dry cleaning fluid. If a stain remains, go over the area with a lukewarm mixture of liquid detergent and water. Make sure you use a clean portion so you don't put the stain back in. Go over the area with a clean cloth moistened with cool water.

FRUIT AND FRUIT JUICES

After excess is blotted up or scraped, blot the spot with cool water. If a stain remains, add liquid detergent and a drop of vinegar to the water. Dab the spot with this mixture and blot until there's no trace of a stain. Go over the area lightly with clear water to remove traces of vinegar

ALCOHOLIC BEVERAGES

After the moisture has been blotted up, dab at the stain with a clean cloth dampened in rubbing alcohol. Then blot repeatedly with liquid detergent mixed with cool water. Blot dry with a towel. Dab again with clear cool water and blot dry

IODINE

Rub with cut lemon before sponging with warm water. Apply a small quantity of detergent with a clean cloth. Blot the stain then remove the soapy residue with a cloth wrung out in warm water and white vinegar solution (1/3 vinegar to 2/3 water)

BLOOD

Mix one teaspoon of ammonia in a cup of cold water and apply it sparingly to the spot. Blot with a clean towel. Repeat until the spot is gone. Dab the area with cool water and blot. Wait 15 minutes and moisten the area again with white distilled vinegar. Blot thoroughly with a dry towel

ICF'S UPHOLSTERY RANGE.

SUSTAINABILITY STATEMENT

At Infinity Commercial Furniture, we have implemented best practices to ensure we are leading the way for the furniture industry. We aim to continue to lead the way in both product and service while being conscious of our environmental and social impact. We are dedicated to operating a sustainable and responsible business that reflects our core values and contributes positively to society and the environment. This sustainability policy outlines our commitment to environmental stewardship, social responsibility, and economic sustainability.

ENVIRONMENTAL STEWARDSHIP

- Implementing eco-friendly fabric options sourced from sustainable materials and processes, reducing the environmental impact of production
- Utilising efficient manufacturing techniques to minimise waste during the upholstering process, promoting resource conservation and reducing landfill contributions
- Partnering with fabric suppliers who prioritise environmental responsibility, ensuring that our upholstered chairs align with our commitment to sustainability throughout their lifecycle

SOCIAL RESPONSIBILITY

- Our workplace culture prioritises the well-being of our employees, providing a safe, inclusive, and supportive environment that fosters growth, diversity, and work-life balance
- We uphold the highest ethical standards across all facets of our operations, committing to transparency, integrity, and respect in every business interaction
- Our manufacturing processes prioritise environmental sustainability, utilising eco-friendly materials and efficient techniques to minimise waste and reduce our carbon footprint

ECONOMIC SUSTAINABILITY

- We source many fabrics from sustainable materials, such as recycled fibres or organic textiles, to reduce environmental impact and promote resource conservation
- Our manufacturing processes for upholstering chairs are designed to minimize energy consumption and emissions, incorporating energy-efficient machinery and optimising production workflows.
- We are committed to reducing our carbon footprint associated with fabric upholstering by implementing measures such as optimising transportation routes
